Subject: Water Sampling 2nd Qtr 2009

Jim,

The 2nd Qtr 2009 water monitoring data for Skyline Mine is in the Pipeline and ready to be uploaded to the Database. To our knowledge, the only missing data are the following; Tritium/Carbon14/Deuterium etc. samples (these will be added as soon as the lab analysis is received), also UPDES-002 has four dates with errors, 4/15/09, 4/23/09, and 4/29/09 are all asking for data that is not required and 5/5/09 there was no sample collected.

Let me know if you have any questions,

Austin R. Belcher
